Annual Open House Held

Hanscom Hall Highlighted

An outstanding highlight of Gould's open house, presented in the afternoon and evening of Thursday, May 20, was an exhibit presented by the Manual Arts Department. Comprising articles made by each boy in the department, this exhibit drew many parents and friends of the school, who showed much interest and pleasure at the inspection of the many beautiful pieces of craftsmanship turned out by the boys.

This department, having at its disposal a modern shop equipped with all types of power and hand tools, offers an excellent course including woodworking, metal working and drawing. Each boy chooses one large or several small projects to work on during the year. Then a working drawing of the project is made, with stock bill and list of jobs to be done. Many of the larger projects are very advanced, and represent an entire year's work. The result of this careful planning and execution of projects, capably aided and directed by "Coach" Anderson, is an exhibit of finely made and finished articles of every conceivable type.

Tastefully arranged throughout the shop were found numerous lamps, bookcases, tables, and knick-knacks of every kind, as well as several large pieces such as a beautiful buffet, a fine desk, a gun cabinet, and other beautiful pieces. Also exhibited were several different kinds of joiner work, working drawings of projects, and numerous objects carefully made from metal.

Thursday, May 20, was open house day for the science departments of Hanscom Hall and the Home Economics department.

Tea was served in the Home Ec. cottage during the afternoon by the students under Miss Andrews to those who visited there.

In the chemistry laboratory several experiments were set up and carried out for visitors, demonstrating some of the work done during the year. These were all prepared by the students of Mr. Emery's chemistry division.

Across the hall in the physics laboratory the physics classes had prepared several interesting and noisy experiments, which were done to show what their year's work had included. Also in this laboratory were many drawings of the biology classes, and the physical geography contributions.

CAMERA CLUB EXHIBITION

The sixth annual print show of the Gould Camera Club will be hung in room 104 of Hanscom Hall on May 31 and will remain there through June 6. This show consists of 50 11x14 prints which have been taken, enlarged, toned, mounted, and spotted by 25 different members of the club. Subject matter varies from snow scenes to athletic and laboratory shots. Several excellent and clever table top pictures are included also.

On display in the same room will be the original prints that appear in the article on the Gould Camera Club in the June issue of Popular Photography magazine.

There will be 500 5x7 sports and other record pictures also. These include anything from an action shot of a football game to pictures of plays, parties and exhibitions, as well as pictures of the sports teams. Another feature will include the original pages made up by the Camera Club for the Academy Herald.

On exhibition at the same time in the Holden Hall display room will be 100 11x14 prints made by members of the club in previous years as well as hundreds of sports pictures.

Visiting parents and townspeople are invited to visit these exhibits in both Hanscom and Holden Halls to see the type of work done by the club.

Opinions Appreciated

What do you think of taking finals? This was the timely subject chosen for discussion this month by the inquiring reporter. It is interesting to note the scarcity of optimistic viewpoints!

Hezy Crocker (without hesitation) states very simply, "They stink!"

Betty Brown says truthfully, "Not much we can do about them."

Lee Carver claims he doesn't mind them at all—once they're over!

From Sally Brackley we get the thought, "They TOO final!"

When Larry Stinchfield was asked he said simply, "Not much!"

"Sturdy" Oakes doesn't know, Jan Underwood thinks they're fine for smart people, Sue Hamilton doesn't like them, and "Shaky" Fernald thinks they're a nuisance.

Guy Emery can be quoted as saying, "Oh, fun!"

With this surprising opinion of Guy's, I state simply don't "crum" too much, and best of luck when the fatal week arrives.

MORE BANQUETS

Since the order of the day was banquets, the waiters could do no less, and had one Wednesday, May 28, in Gehring Hall dining room. The waiters, subs, and kitchen people attended, being served their favorite meal by women of the faculty. After the meal, they adjourned to the living room where they were entertained by the discord trio and their new vocalist. Their special "waitresses" were Mrs. Gibbs, Mrs. Goggin, Miss Andrews, Miss Stallwood, Miss Bowman, and Miss Swift.

A banquet for the choir members and the regular substitutes was held at the church Monday, May 24, at 6 P. M. A very delicious array of salads, hot dishes, and other tempting foods were served. After supper the group sang and performed stunts. Mr. Hawthorne expressed his thanks for the work that —cont'd on Page 3, Column 4

True friendship is always fine and beautiful, but it is not accomplished simply by a smile and a handshake. There must be an exchange of something rich and wholesome, something that will enliven the heart with happiness. There must be some service, no matter how small, that will endure.

Knowing many people does not necessarily determine many friends. True friendship is not based upon how many people you can call by their first name, but upon what we have done, willingly, for each other. Maybe in a lapse of a week or a month we meet many people and then meet them years later and recognize their faces and do not know their hearts. Then there can be no friendship but mere acquaintance, for there can be no real friendship where the heart is not involved.

EDITORIAL

The other day a good friend of mine said, "Excuses! You're always making excuses! I never bother, they always seem so weak."

The mental process began. The conclusion was that the friend was right, and that I was not alone in my misery. Practically every BUT in daily language is followed by an excuse. Why? To bolster one's appearance in others' sight, or just to convince the person himself that he's a jolly good fellow.

Then came a day of experimentation. Did that brief time feel funny without excuses! If you don't believe me, try going thru a day without answering the question WHY! as concerning your not getting up on time, not having your work done, not feeling in a good humor, are on campus, or not remembering to keep an appointment. There are legitimate reasons for all of these things! Uh-uh-uh! Excuses again, when you analyze it down to the fine points. You know, it might improve society greatly if everyone cut out the habit. Let me know when you see the first one begin. So deeply is it entrenched, that one keeps forgetting, and giving them anyway. If you read this, honestly try it for a day, and let me know how it goes.

FRENCH BANQUET

On Friday, May 14, the classes of French II held a banquet in the Home Ec cottage. The menu included crepes, nicoises (stuffed pancakes to you, Jake), french fried potatoes, frozen peas, onion soup, all sorts of hors d'oeuvres, and ice cream with strawberries. After a few preliminary nibbles, just to see if it was all right, everyone cleaned up his plate, and it was agreed that queer-looking foods can be all right.

After the dishes were washed, with lots of French dishwater, the fun began in the music room. A jam session was followed by dancing, and then the girls all swooned as they listened to the recorded music of Jean Sablon and Charles Trenet. Three short skits were presented, and then Truth or Consequences and Hangman were played. A feature attraction was Miss Collins' solo on the baritone horn, as a consequence. The party was closed with singing.

Under the Cupola

Fort Holden Hall was recently invaded by a trio of Roman soldiers disguised as Spaniards. Julius Caesar Dymont, Hannibal Dysart and Cleopatra Hunt victoriously paraded through the halls in costume suitable to the occasion, despite a sudden fright from an attack by an army of Amazons.

The pool room now has an extra added attraction on special occasions. Pure, sweet music now accompanies the click of the pool balls. Until you've heard the "Agony" trio, you haven't heard anything. Its members are "Frog-throat" MacDuffie on the Sousaphone, "Screech Owl" Hickcox with his saxophone, and "Discord" Emery at the piano.

Immediately after attending a recent dorm meeting, at which the merits and advantages of staying in one's room during study hours were explained, one luckless fellow was seen on his way to the main building to study. He either got his rooms mixed or thought he would like the company in study hall.

Has everyone heard about the great treasure hunt conducted a while ago by Mr. Foster? The object of the search was a book report outline. The room of every Junior and Senior in the dorm was searched carefully, for everyone needed the precious piece of paper, and no one seemed to have it. Finally one was produced from the deep dark reaches of a desk drawer and everyone rejoiced—until they discovered that it was in East Egyptian handwriting. When it was finally decoded, all breathed a big sigh and settled down to write their report.

Gehring Hall will probably never witness another play done with the simple grace and sincerity of "The Neighbors" put on by the sophomore girls of Mrs. Gibbs' English class. It was the feature of a party given by Mrs. Gibbs, and was enjoyed by the whole group of Gehringites. The engaging plot came to a happy conclusion when the Grandmother of the play was allowed to live like a human again. The cast of characters was as follows: Grandma, Charlotte Scribner; Mrs. Diantha Abel, Caroline Olson; Ezra Williams, Betsey Cummings; Peter, Ann Waterman; Inez, Eunice Lane; Mrs. Elmiria Moran, Marguerite Cotton; Miss Trot, Laura Bennett; Mrs. Carry Ellsworth, Marlene Anderson.

Two solos, "Songs my Mother Taught Me," by Dvorak, and "Sylvellin" by Sinding were sung by Nancy Runyon. The mistress of ceremonies was Marion Masse and the prompters were Elaine Fuller, Lidell Maxim, and Mary Cross.

The usual Maine spring has produced its effect, equally usual, on Gehring Hall. Inspiration is dead. The more adventurous of our members have resorted to hair cutting and music murdering as perennial sources of amusement.

The Science Club and A. A. Council picnics produced a spot of bright blue on the lowly horizon last Sunday. Conditions at Mount Mica proved quite favorable for gem hunting, and the super-duper, king size hamburgers served at Lake Umbagog were enough to lure anyone out there regardless of swamps, mud, and bloodsuckers.

Saturday inspection proved a stumbling block last week. A suggestion has been made that the girls unexpectedly invade the teachers' fortresses for an impromptu inspection. All those in favor say, "Aye."

Dorm Council elections caused a bit of excitement on the 18th, at least to the underclassmen. The poor old bedraggled Seniors merely glanced over the results with a condescending eye and then sank back into their lethargy of picture writing and essay learning.

By the way, the latest rumor is that the Juniors has re-adopted their theme song, "Feudin' and Fightin'."

Darn the weather anyway. You'd think the rain would have sense enough to stop, or maybe the sun is in the machine shop for repairs. Ho hum—there's nothing like spring in Bethel.

BOYS' GYM EXHIBITION

Featured as one of the closing events of the school year and attracting many parents and friends, the annual Boys' Gym Exhibition was held in the Field House on Thursday, May 27th, at 8 o'clock. The purpose of this exhibition was to show outsiders just what fundamental exercises and advanced work our boys go through. As usual, "Joe" Roderick, our capable director of Physical Education, had arranged a well-balanced program which went off smoothly and well.

First on the program were the Freshmen, with several types of work using springboards. This included flips, jumping for height, and other exercises from the springboards. Then followed the Junior apparatus division, which consisted of two groups of boys, one using the tramp-line and the other the parallel bars, demonstrating each piece of apparatus. Following this came the Sophomore tumbling group, which demonstrated the fundamentals of tumbling, with front and rear somersaults, handsprings, diving and the like. Next came the second half of the Junior class, executing an Indian club drill which required good coordination and timing. As specialists on the tramp-line, Dave Bennett, Hastings, Powers, and Charlie Smith demonstrated advanced work on this apparatus, showing that with hard work much can be accomplished in this line. Then came the crowning touch of the exhibition, a stunt borrowed from the army by Joe, the logs. These are 14 ft. logs, six inches in diameter, and weighing 150 pounds. There are six logs, with five men to each, and a variety of exercises was executed in unison.

On the whole, the exhibition fulfilled the purpose for which it was planned: to show the public what is done in gym. And a touch of humor was added by the antics of John Head and Gary Melville, who interspersed the entire program with their comical and most awkward actions, demonstrating in their own way, what kind of boys Joe does not have in his gym classes.

On June 6th the Gould tracksters will journey to Waterville to defend their state championship in class B at the annual State Interscholastic Track Meet. The team will attempt to bring home the coveted trophy for the third time in succession, thus retiring it from competition.

ST. JOHNSBURY TOPPLES GOULD TRACKSTERS

The St. Johnsbury track team overcame Gould Academy on May 1, in close contest of first places, 80% to 56%. Gould's well balanced team just couldn't make the grade against the efforts turned in by St. Johnsbury. The Huskies managed to sweep two events but the monopoly of first places turned in by Rodd and Hall of St. Johnsbury, seemed to turn the tide their way.

Hall, the 11-foot pole vaulter of St. Johnsbury, easily won that event besides taking first place in javelin with a heave of 168 ft., he also claimed the 120 yard high hurdles. Rodd turned in fast times for the two dashes and the 200 yd. low hurdles. Davis of Gould stayed in the picture by winning the broad jump, the high jump and discus. MacDonald of St. Johnsbury won the shot put event, while teammate Pepin won a close mile run. Philbrick and Stinchfield of Gould won the half mile and the quarter mile, respectively.

Summary:
100 yd. dash—Won by Rodd, (St. J.); 2nd Klain (G); 3rd Pepin (St. J.). Time: 10.4s.

SOUTH PARIS, 12
GOULD, 1
May 3rd turned out to be a sad day for the Gould nine, as South Paris trounced them 12-1 on Gould's field. Gould's 9 errors proved to be their main downfall.

In the first inning neither teams scored, but Dick Marshall of Gould racked up the game's first hit. In the second the score still held 0-0. The third began the Paris scoring. They gathered 3 runs in that inning. In the fourth there were no runs, but Paris struck again in the fifth with 4 runs. Even though Gould wasn't hitting they succeeded in getting a runner home in the sixth on a hard hit single by Ronnie Kendall. In the seventh

GOULD BEATS GORHAM 12-10

May 4—The Gould baseball team won its second game of the season from Gorham on the Gorham field. Although the team made several bad errors, they always managed to bring in some runs and keep in the game, scoring two runs in each of the last two innings to pull the game out.

In the first inning the Blue and Gold got off to a good start when Kendall hit, Marshall reached on a fielder's choice, Croteau doubled, Wood tripled, and Hamilton singled, scoring four runs in all. Croteau drove in another run with another double in the second, and Gould picked up another run in the third to lead 6-1.

Although Gould tallied again in the fifth on Wood's gigantic double, the fifth was altogether a bad inning for the Blue and Gold. In the last half Gorham scored eight runs, and sent Ted Young to the showers. A couple of hits started the rally and numerous errors kept it alive. Rolfe finally put out the fire, and held the Gorham team to one run in the remaining four innings.

Going into the eighth inning, Gorham led 10-8, but Marshall walked, stole second, went to third on an overthrow, and scored on Croteau's grounder. Wood was hit by a pitched ball, also stole second, and scored on Durgin's double, tying the score.

In the first of the ninth, with two out, Kendall singled, and Marshall and Croteau walked to fill the sacks. Then, with two strikes on him, Louie Wood singled to short center, knocking in the two runs that spelled victory. Wood led the hit parade with two singles, a double, and a triple, and Bob Croteau got two doubles and a single. The score by innings:

Gould sent the first 3 men down in 1-2-3 order but in the eighth 4 more runs came in for the visitors. Although all through the game Dick Rolfe had been trying desperately to win, he wasn't up to his usual high standard, so Ted Young went to hurl for Coach Bowhay's charges in the ninth and again the batters went down in 1-2-3 order.

Gould was held down to five hits by Conant while Rolfe gave up fourteen. Each hurler struck out 9 men and gave up three bases on balls.

GOULD UPSETS SOUTH PARIS

May 18—The Husky baseball team surprised everyone by beating South Paris on their own field, 11-7. Richard Rolfe pitched the whole game, giving up only seven hits, and striking out eleven. Wood and Croteau each hit a home run, and Durgin got three hits.

In the first inning, Croteau knocked in two runs with his homer, and Durgin one with his double. Paris came to score two runs on four hits, but Gould went to town to the tune of four runs in the second. In the fourth inning, Paris tied the game up with four runs on only two hits.

In the sixth inning, the Huskies broke the game wide open when Marshall walked, Croteau singled, and Wood cleared the sacks with a homer. Conant then relieved Mason on the mound for Paris. Gould scored again in the seventh off Conant, while Rolfe held Paris to one hit in the last five innings. Rolfe and Marshall made several good plays in the field and Durgin turned in his usual good job behind the plate.

The defeat put a big hole in Paris's hopes for an unbeaten season, although it did not remove them from the top of the league standings. The score by innings:

GOULD BEATS GORHAM FOR FIRST WIN

April 27—In a hard fought game on the home field, the Husky diamonders won their first game of the season from the Gorham, N. H. team. Ted Young gave up only 6 hits in going the full nine innings. The Gould batsmen made the best of their opportunities in getting 6 runs off Izzatt, Gorham moundman.

Gorham scored two runs in the second inning on two hits and two errors to take the lead. In the last half of the same inning the Blue and Gold came back with three to go ahead when Croteau walked, Wood doubled, Durgin reached on a fielder's choice, and Young singled.

Gorham scored another run in the third when Howo, Gorham catcher, knocked a long double. In the last of the fifth Gould came back to score three runs and decide the issue for once and for all. Marshall was hit by a pitched ball and then Croteau and Wood walked to fill the sacks. Marshall scored when Durgin's grounder was muffed by the second baseman, and Croteau scored on Young's single. Wood came in on French's hit to center for the final run of the game. Young held the New Hampshireites hitless after the fourth innig, striking out ten men in all. Wood's play in the field was good, and Dave Durgin showed up very well in his first appearance behind the plate.
